HOTELS

Luggage transfers will be carried out by a combination of hoteliers, taxis and the route adviser. See the Daily Itinerary earlier for an indication of when you could request a lift with a luggage taxi.

As part of its austerity measures, the French government has asked hotels in this area to levy a visitor tax. Where applied, this has to be paid locally in cash, on checking out, and is normally €1-€2 per person per night.

Special Dietary Requirements
While we make every effort to inform the hotel about any special dietary requirements you may have, it would be wise to remind the hotel again at reception on arrival, as well as in the dining room.
